Sparky's Tails...

The reason a dog has so many friends is that he wags his tail instead of his tongue.

Pelican Point - Page 2

The holidays are a festive time for us and our pets. However, due to ongoing activities and constant distractions, we can easily overlook potential dangers to our four-legged family members. Take preventive measures to protect your pets this holiday season. **Holiday Ornaments** Bright and colorful tree ornaments can attract your pet's curiosity. Place glass, aluminum and paper ornaments higher up on the tree. Pets can chew and swallow these fragile objects and not only can broken pieces form sharp edges lacerate your pet's mouth, throat and intestines, they could also create a choking hazard.

Happy Holidays!!!

Introducing...

Sam

Sam is a 2 year old Lhasa Apso who lives with his humans, Duane & Margaret Todd, in Unit 107C. As smart as he is adorable, Sam knows all of his toys by name, loves going to the dog park and meeting up with his best friend Benji, but dislikes the Pelican Point Golf Cart (when it's on the move that is), and back talks his humans when scolded. All-in-all, Sam is a friendly pup and loves everyone!

Did you know? The Lhasa comes from Tibet, and he takes his name from the holy city of Lhasa. For thousands of years, the Lhasa was bred exclusively by nobility and monks in monasteries to act an inside guard and protector. He's known in his homeland as Abso Seng Kye, which translates as "Bark Lion Sentinel Dog."

Mango update...

We are excited to report that Mango is recovering very well!! He has been receiving daily home physical therapy 2.5 months post-Hip Dysplasia surgery as well as daily long walks around Pelican Point by Janet and Glen, and we now see him walking more steadily on all 4 paws! We are thrilled his progress is going so well and now he's ready to wear his Jersey for Football Season!!! The Vet, Dr. "G." who performed the surgery is located in Jacksonville at Baymeadows Animal Hospital. He is an amazing Veterinarian and cares deeply for all his patients! We believe all the TLC and well wishes he is receiving from family, friends & neighbors has helped speed up his recovery!!! Thank you everyone!!!
